

The Metal Makes the Difference.

YOUR PRODUCTS MUST PERFORM.

Your customers need specialty alloy bar with exceptional quality and cleanliness. With exact chemistry and with repeatable precision.

THE METAL MAKES THE DIFFERENCE.

Electralloy produces superior bar in a wide variety of AOD/ESR/VAR grades: stainless steels, including Nitronic®, duplex, super duplex, nickel and specialty alloys.

When your customers have no room for error, get the metal that makes the difference.

PICK YOUR GRADE:

| | |
|------------------|-------------------|
| Stainless | 3¾" x 24" Rounds |
| Nickel | .500" -18" Rounds |
| Nitronic® | .500" -16" Rounds |
| Lengths | Up to 35 ft. |

Electralloy is North America's exclusive licensed producer of all NITRONIC® products.
